

## **QUALITY, ENVIRONMENT AND SAFETY & HEALTH** **INDUSTRIAS BOLCAR, S.L.**

Industrias Bolcar SL, is a company dedicated to the printing and manufacture of paper bags and sacks. It has as its main objective to satisfy the needs and expectations of customers with quality products, safer for its employees, respectful of the environment and efficient and punctual with their commitments.

In order to achieve and maintain this Objective, our Policy is based on the commitment to fulfil the following points:

- Comply with applicable legal and regulatory requirements.
- Protect all collaborators, contractors and any other person who interacts with the organization. Complying with the regulations on Occupational Health and Safety.
- Protect the environment and prevent environmental risks and pollution. Promoting a sustainable use of resources and proper waste management.
- Integrate quality aspects throughout the process and throughout the range of products that are manufactured, in order to satisfy the most demanding needs. Both from the point of view of the general quality of the product as well as the agreed quality and specifications of each customer.
- Work together with our suppliers, subcontractors and clients in the continuous improvement of the quality and innovation of the bags. The safety of their services and products as well as in the improvement of environmental performance. Encouraging fluid and responsible communication between all the parts.
- Increase our presence internationally. By increasing our sales through better positioning and market share in Western Europe, South America, the Middle East. With strong chance of entering new markets.
- The Company is aware that the foundation of competitiveness lies in training. Therefore, it undertakes to implement a system of training and professional self-development at all levels, in order to encourage the personal growth of all our collaborators. Increasing the competitiveness and expansion in the sector.
- The Company, whenever financially possible, will continue to invest in Corporate Social Responsibility, especially at the local level.

All the personnel of INDUSTRIAS BOLCAR SL is responsible for ensuring the quality of our products and services, respecting the environment, doing his job, respecting his colleagues, and following the rules of Hygiene, Environment, and Health and Safety that the Company dictates.

The Management of INDUSTRIAS BOLCAR, SL undertakes to provide the necessary resources and means that allow the development and scope of the Policy, its dissemination to interested parties and, with the collaboration of all, will keep it up to date in a commitment to continuous improvement.
